

Newsletter Update November 2009

I want to work for Schlitterbahn Galveston Island's Work and Travel Program! Schlitterbahn and Galveston Island are a great place to spend your summer! We offer competitive pay rates, fun and exciting jobs, excellent and affordable housing as well as an experience that will last a lifetime. We are currently seeking Lifeguards, Cashiers, Food & Beverage and Park Service team members.

Schlitterbahn Galveston Island only employs international university students who possess J-1 Work and Travel Visas. We do not sponsor students for visas, but work with visa sponsoring agencies. You must possess a DS-2019 form, a valid passport and the J-1 Visa. Additionally, students who have previously worked in the US should bring their Social Security Cards with them.

To be considered for employment, first time Schlitterbahn employees must participate in a CIEE International Roadshow, including an interview with our Recruiters. Schlitterbahn will not hire students who they do not meet in person on roadshows.

If you have worked for Schlitterbahn previously, please see the next section on "Former" students.

For more information about CIEE International Roadshows, please visit www.ciee.org.

Are you a former Schlitterbahn Galveston Island Waterpark Work and Travel student who's interested in returning for the 2010 Summer Season? We're excited that you would like to work for Schlitterbahn again! The first step will be contacting the International Coordinator at international_galveston@schlitterbahn.com. They will check your rehire status and job choice for availability. You will need to answer some questions about your job choice, housing preference, etc.

Return students may choose their sponsor company of choice, but may only reside in Schlitterbahn provided housing if they obtain a job contract through CIEE (you are not required to reside in Schlitterbahn housing as a return student). Schlitterbahn Housing for 2010 will be at the University Apartments and is limited to the first 10 return students interested in residing there.

You may request a different job for Summer 2010, but requests are based on availability. Some jobs are more popular than others and fill quickly. Schlitterbahn is currently hiring Lifeguards, Cashiers, Food & Beverage and Park Service employees.

We look forward to seeing your smiling faces next summer!

What about my friends? Schlitterbahn will only hire students they meet and interview on CIEE International Roadshow events. If your friend is interested in working for Schlitterbahn, they should visit CIEE's website www.ciee.org for more information about upcoming Roadshows Schlitterbahn is participating in.
